

Hotel Mestre de Avis

SUSTAINABILITY POLICY

Hotel Mestre de Avis is a great place to work. Its employees enjoy their work and feel good about it. The hotel is unwavering in its commitment to the well-being of its employees. It guarantees them respect for their rights, fosters participatory management and lifelong learning, and implements practices that prioritize the improvement and development of skills and the balance between employees' personal and professional lives. We provide our employees with a wide range of cultural and sporting activities in their free time because we know it's important to them. We also ensure that all our employees can rely on ethical behaviour towards each other because we believe in treating each other with respect.

We make sure that our local suppliers and contractors fulfil the same high standards that we set in our hotel because we know that together, we can make the world a better place.

We want to make you aware of your responsibility towards the environment, inform you about the sustainable use of resources and encourage you to avoid waste, reuse and reduce consumption. We want to contribute to the preservation of our environment for a long time to come. That is why we like to promote and/or raise awareness of 'environmentally friendly' activities. We also like to work with organisations that promote activities that are integrated into policies that value and protect the environment. We want to get more people involved in environmental education and sustainable development. We are delighted when our employees and guests volunteer to get involved in these important issues. We also want to raise awareness among local residents about waste separation.

We are happy to work with non-governmental organisations (NGOs), private social solidarity institutions (IPSS), local authorities and other institutions. Together we are committed to a fairer society, the fight against poverty and social exclusion and the protection of human right

We are grateful for every donation that our customers entrust to us. We support Cancer Victors United for Life.

Of course, we comply with all applicable law.
